Martin Weyssow

Ph.D. Candidate at DIRO, Université de Montréal
email: martin.weyssow@umontreal.ca ◇ web: martin-wey.github.io

EDUCATION

Université de Montréal, Canada *09/2020 - Present*
Ph.D., Computer Science
Thesis topic: Multimodal and continual learning code representation learning
Advisor: Prof. Houari Sahraoui
GPA: 4.3/4.3

University of Namur, Belgium *2018 - 2020*
MSc., Computer Science and Data Science
graduated with *magna cum laude*

University of Namur, Belgium *2015 - 2018*
BSc., Computer Science, Minors in Mathematics
graduated with *cum laude*

EXPERIENCE

SCIS, Singapore Management University 10/2022 - 01/2023
PhD Visiting Researcher

- Initiated a new international collaboration between the Université de Montréal and the Singapore Management University.
- Wrote and obtained a NSERC Alliance International Catalyst Grant to fund the collaborative research project.
- Worked at the SOftware Analytics Research (SOAR) lab under the supervision of Prof. David Lo.

DIRO, Université de Montréal 09/2019 - 09/2020
Research intern

- Initiated a new international collaboration between the University of Namur and the Université de Montréal.
- Completed with success four advanced graduate courses at DIRO on topics related to machine learning and natural language processing.
- Worked on my master's thesis on the application of deep learning coupled with static analysis of programs to improve code recommendation systems.
- Defended the thesis at the University of Namur for which I obtained a mention of the jury and the grade of 19/20.

Data & Models Workshop 02/2020
Participant

- Participant of a workshop about the role of artificial intelligence in model-driven engineering organized at McGill's Bellairs Research Institute (http://www.bellairs2020.ece.mcgill.ca/index.htm).
- Collaborated with renown international researchers in the field of model-driven engineering.
- Participated in the design and writing of two academic papers published in a conference workshop and a journal.

ACHIEVEMENTS

Canada NSERC Alliance International Catalyst Grant *CA$25,000*
FRQ Merit Scholarship for Foreign Students (PBEEE) *05/2022 - 09/2024*
Google Scholarship for Excellence, DIRO *05/2021 - 05/2022*
Scholarship for Excellence, DIRO *2021*

Scholarship for Excellence, DIRO *2020*
Research Scholarship, Mitacs Globalink Canada *01-05/2020*

COMMUNITY SERVICES

IEEE/ACM ASE Conference – *Reviewer* *2022*
ICLR 2022, DL4C Workshop – *Program Committee* *2022*
SOSYM Journal AI-MDE Theme Issue – *Reviewer* *2021*
IEEE SANER Conference – *Reviewer* *2021*
ACM/IEEE MODELS Conference – *Student Volunteer* *2020*
IEEE Transactions on Software Engineering – *Reviewer* *2020*

STUDENTS

Aton Kamanda, MSc. at Université de Montréal *09/2021 -*
Deep learning for code
Lucas Maes, MSc. at Université de Montréal *09/2021 -*
Deep learning for code
Bastien Nicolas, MSc. at University of Namur *01-06/2021*
Learning from Code Flow Dependencies using Graph Neural Networks for Code
